

Be wise when you fertilise

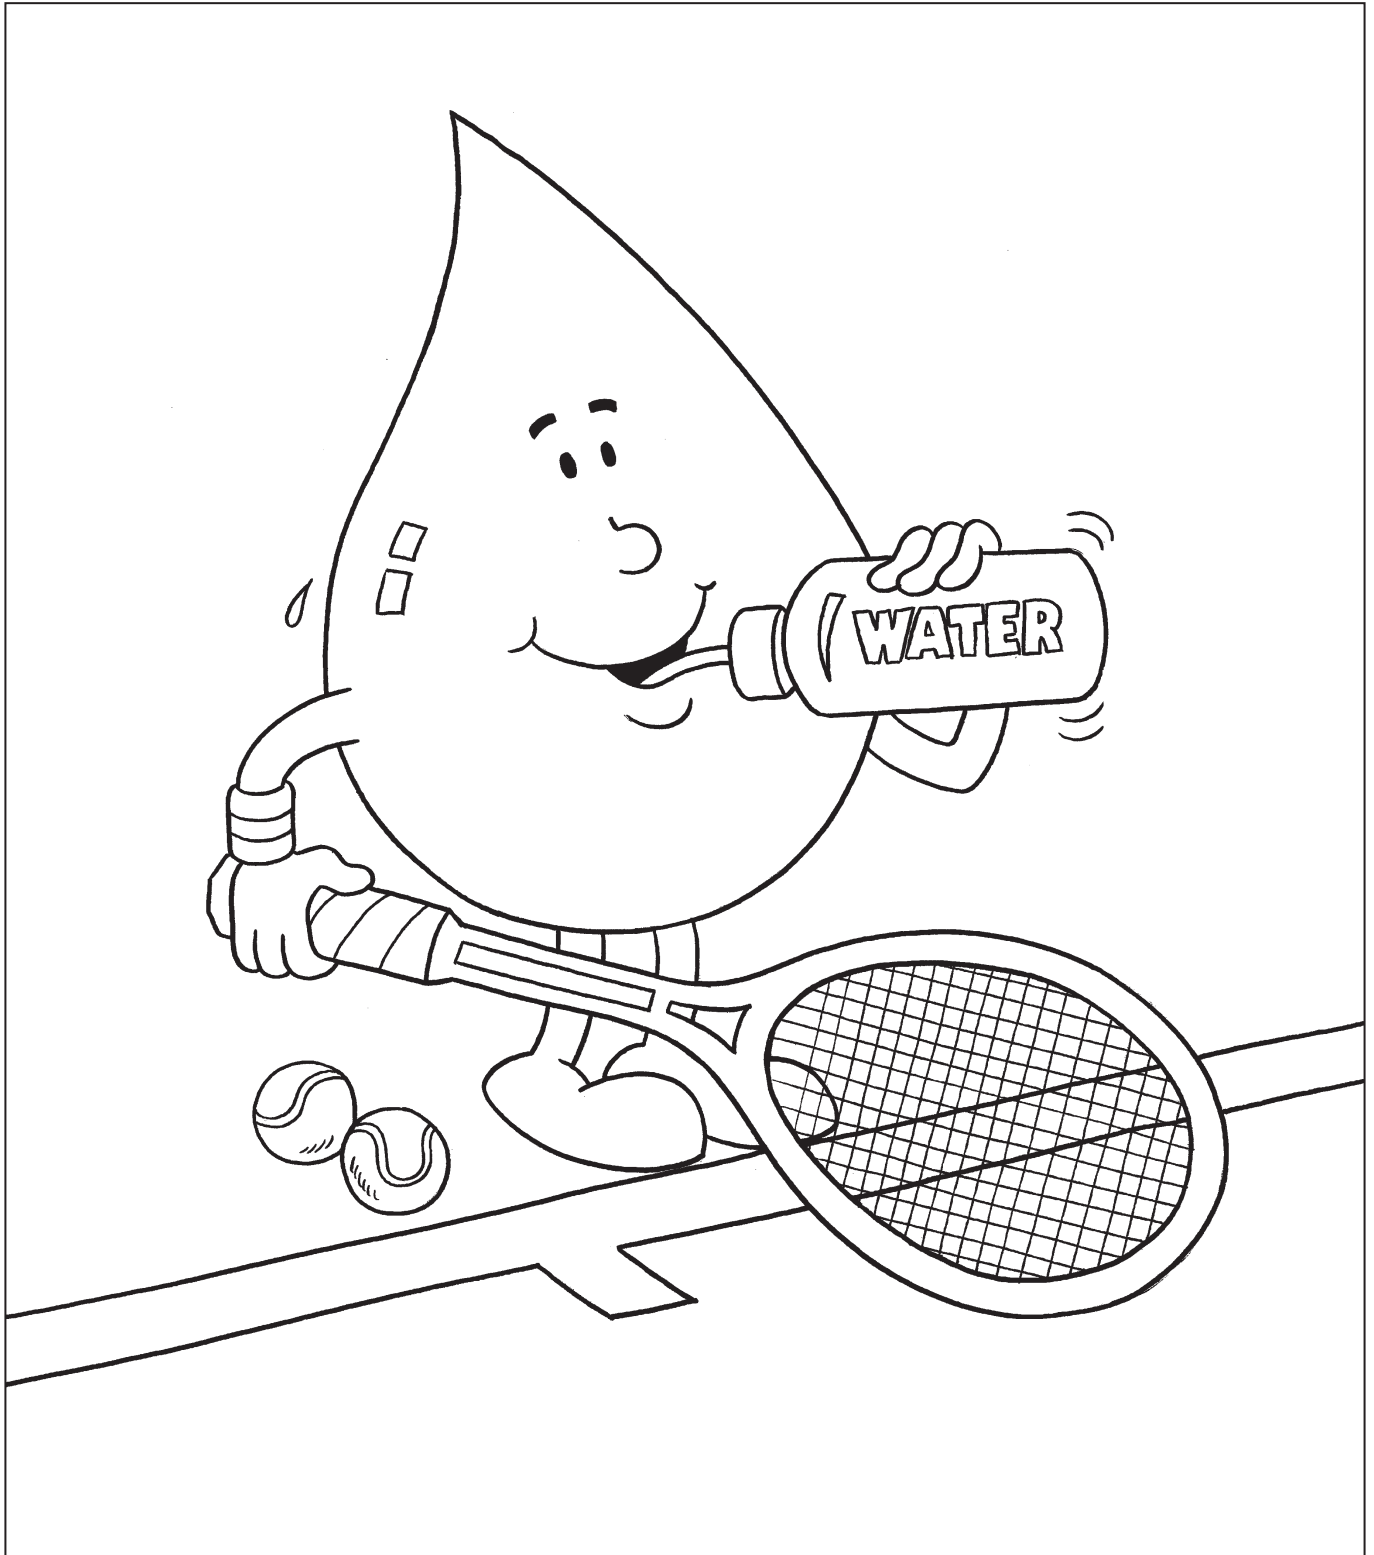

Enjoy the scene:
keep our waterways clean!

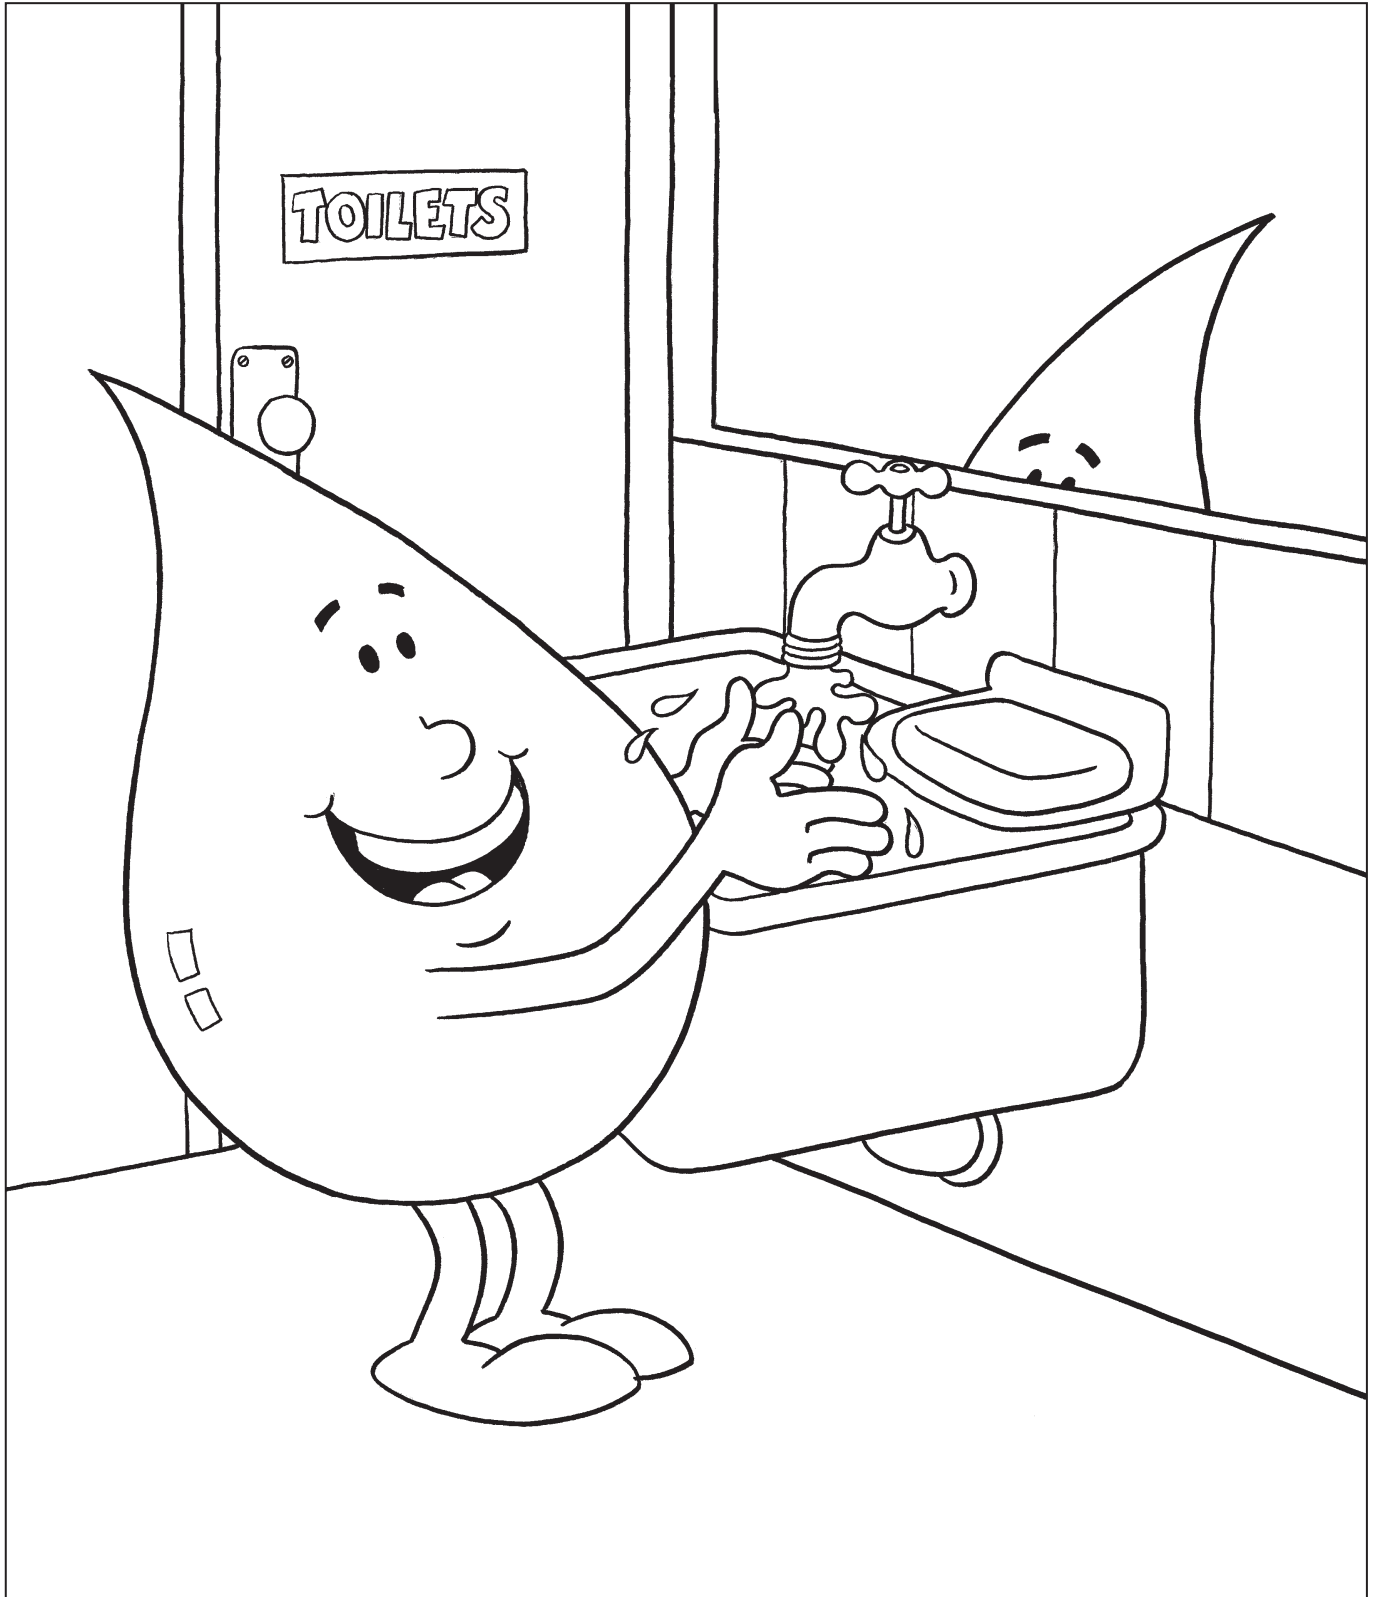

Think again! It goes further than the drain

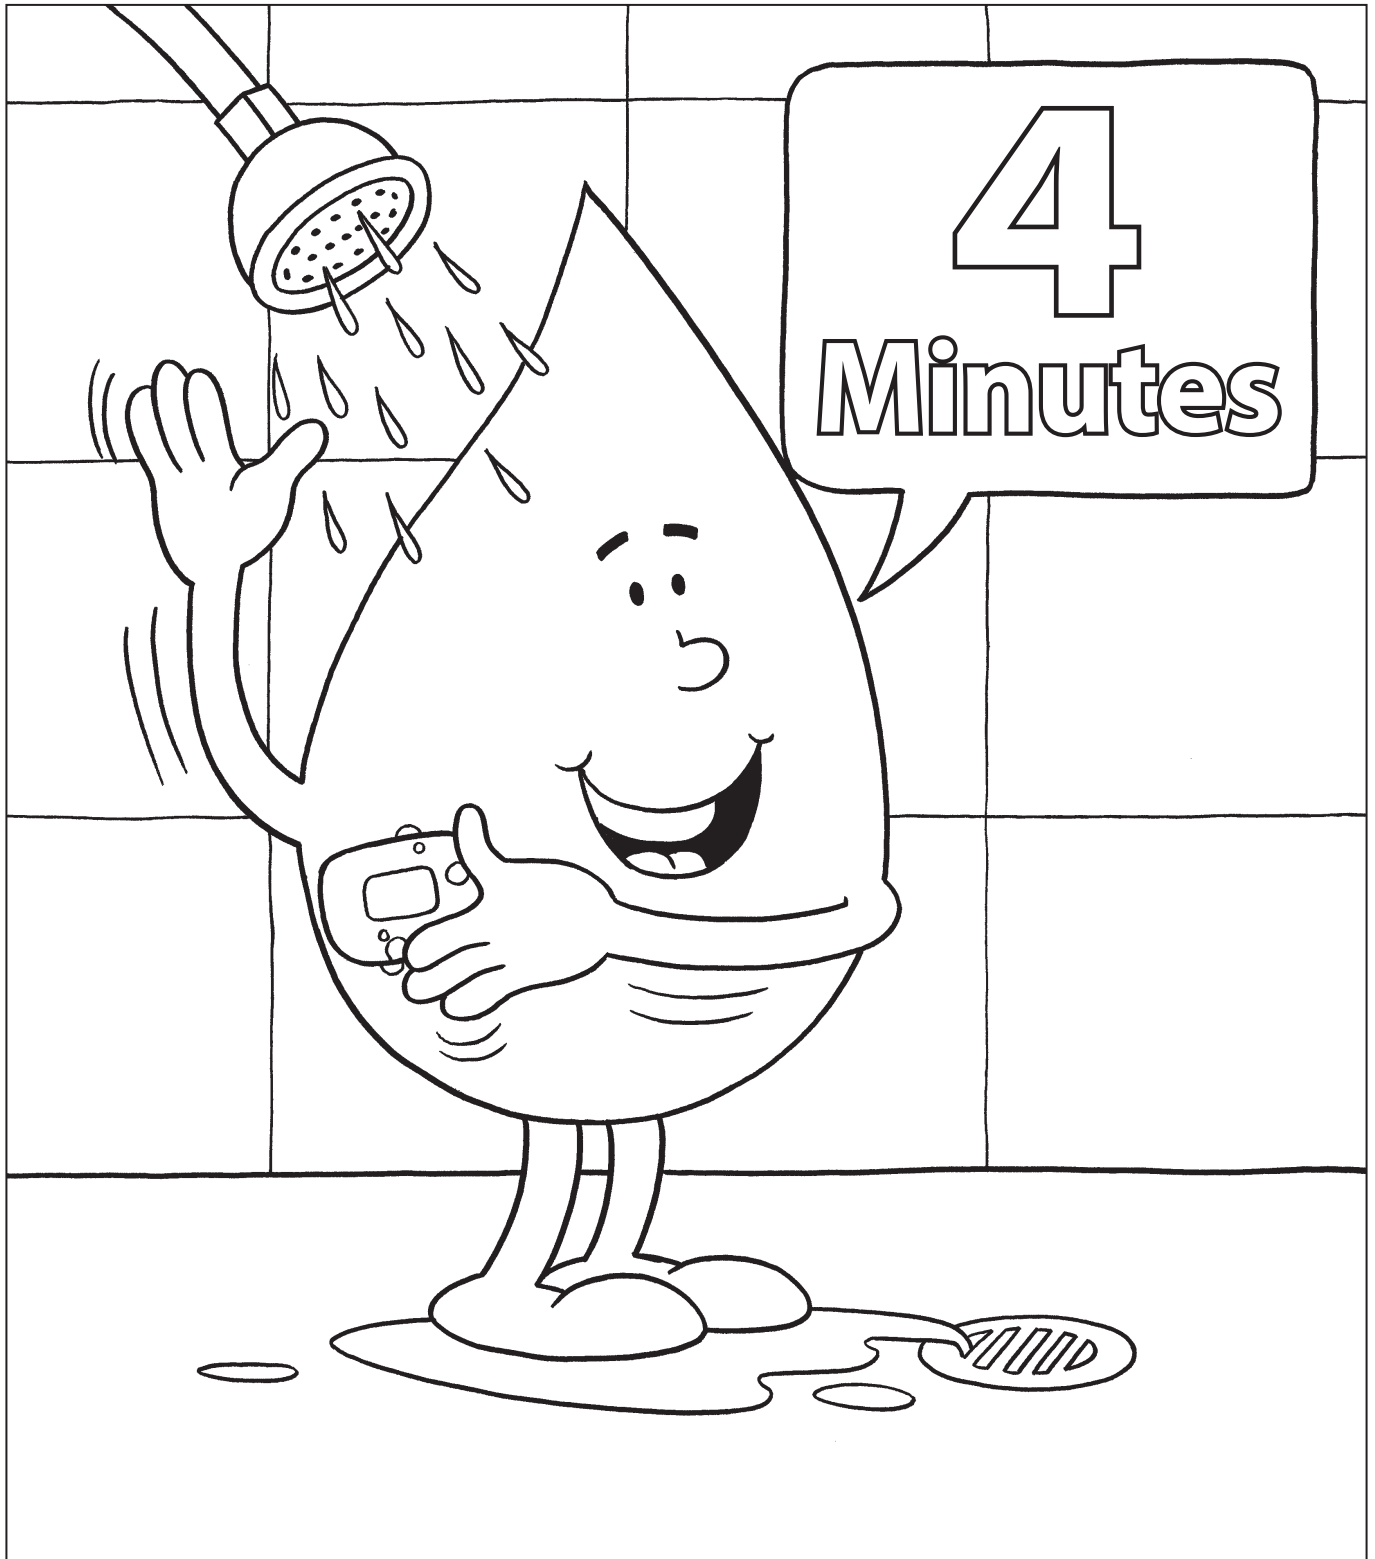

Drink plenty of H₂O to
keep you on the go

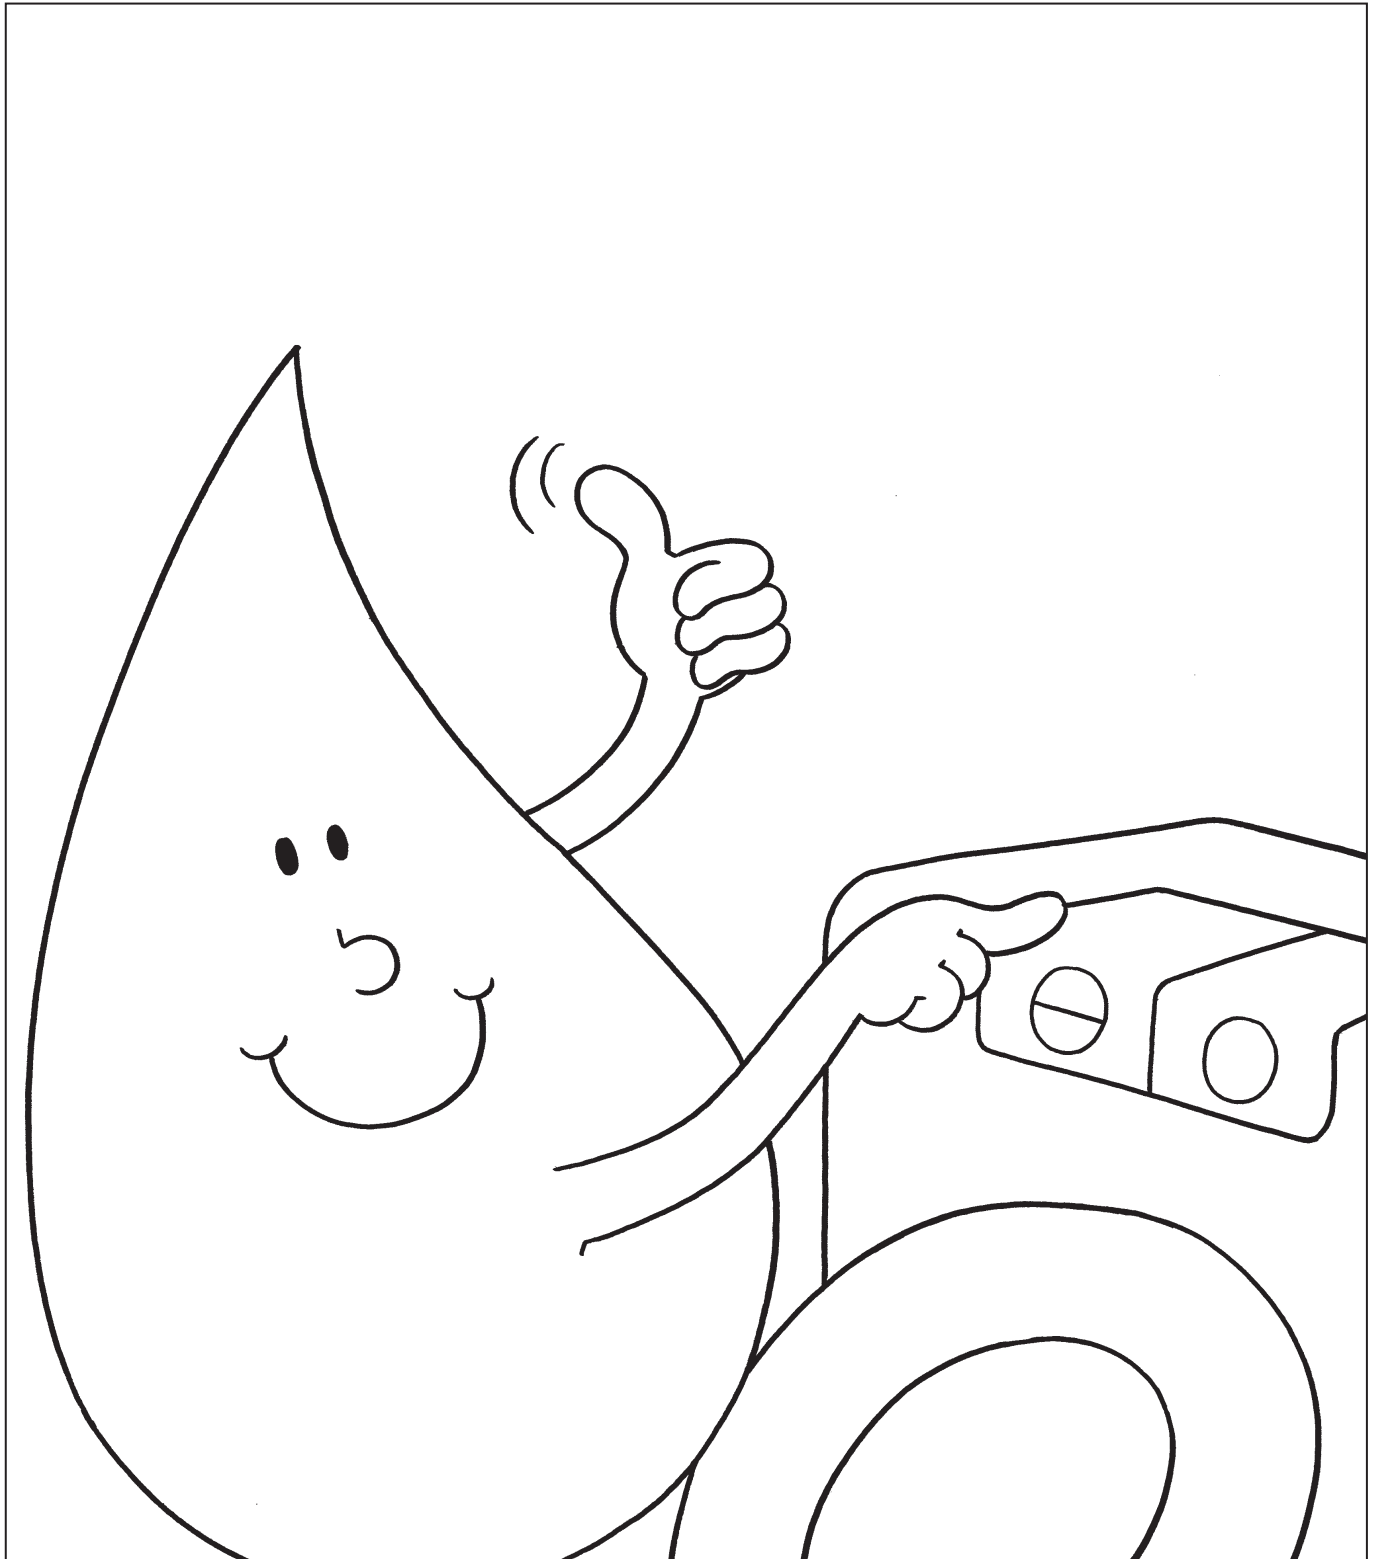

Keep those germs away:
wash your hands every day!

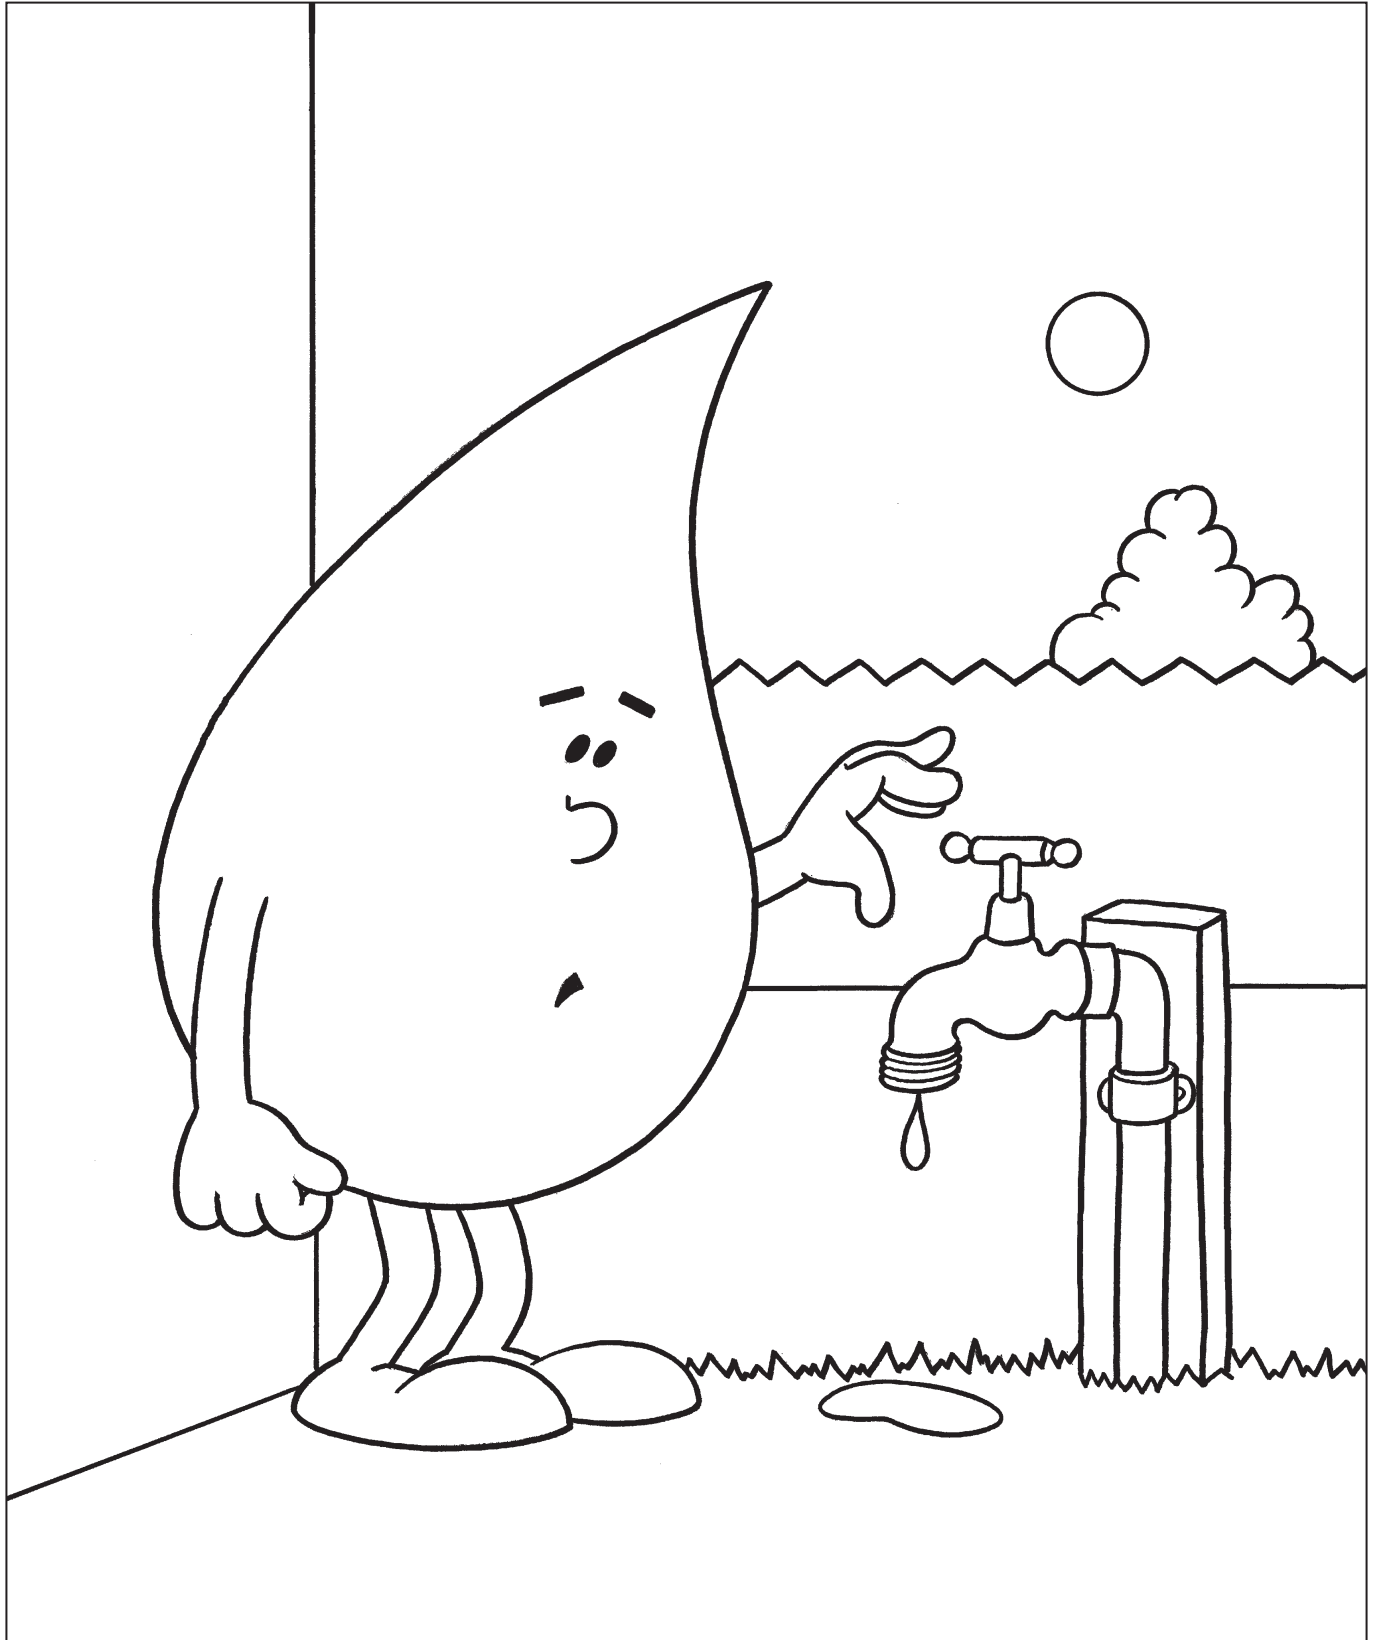

Remember what you've been taught:
keep showers short!

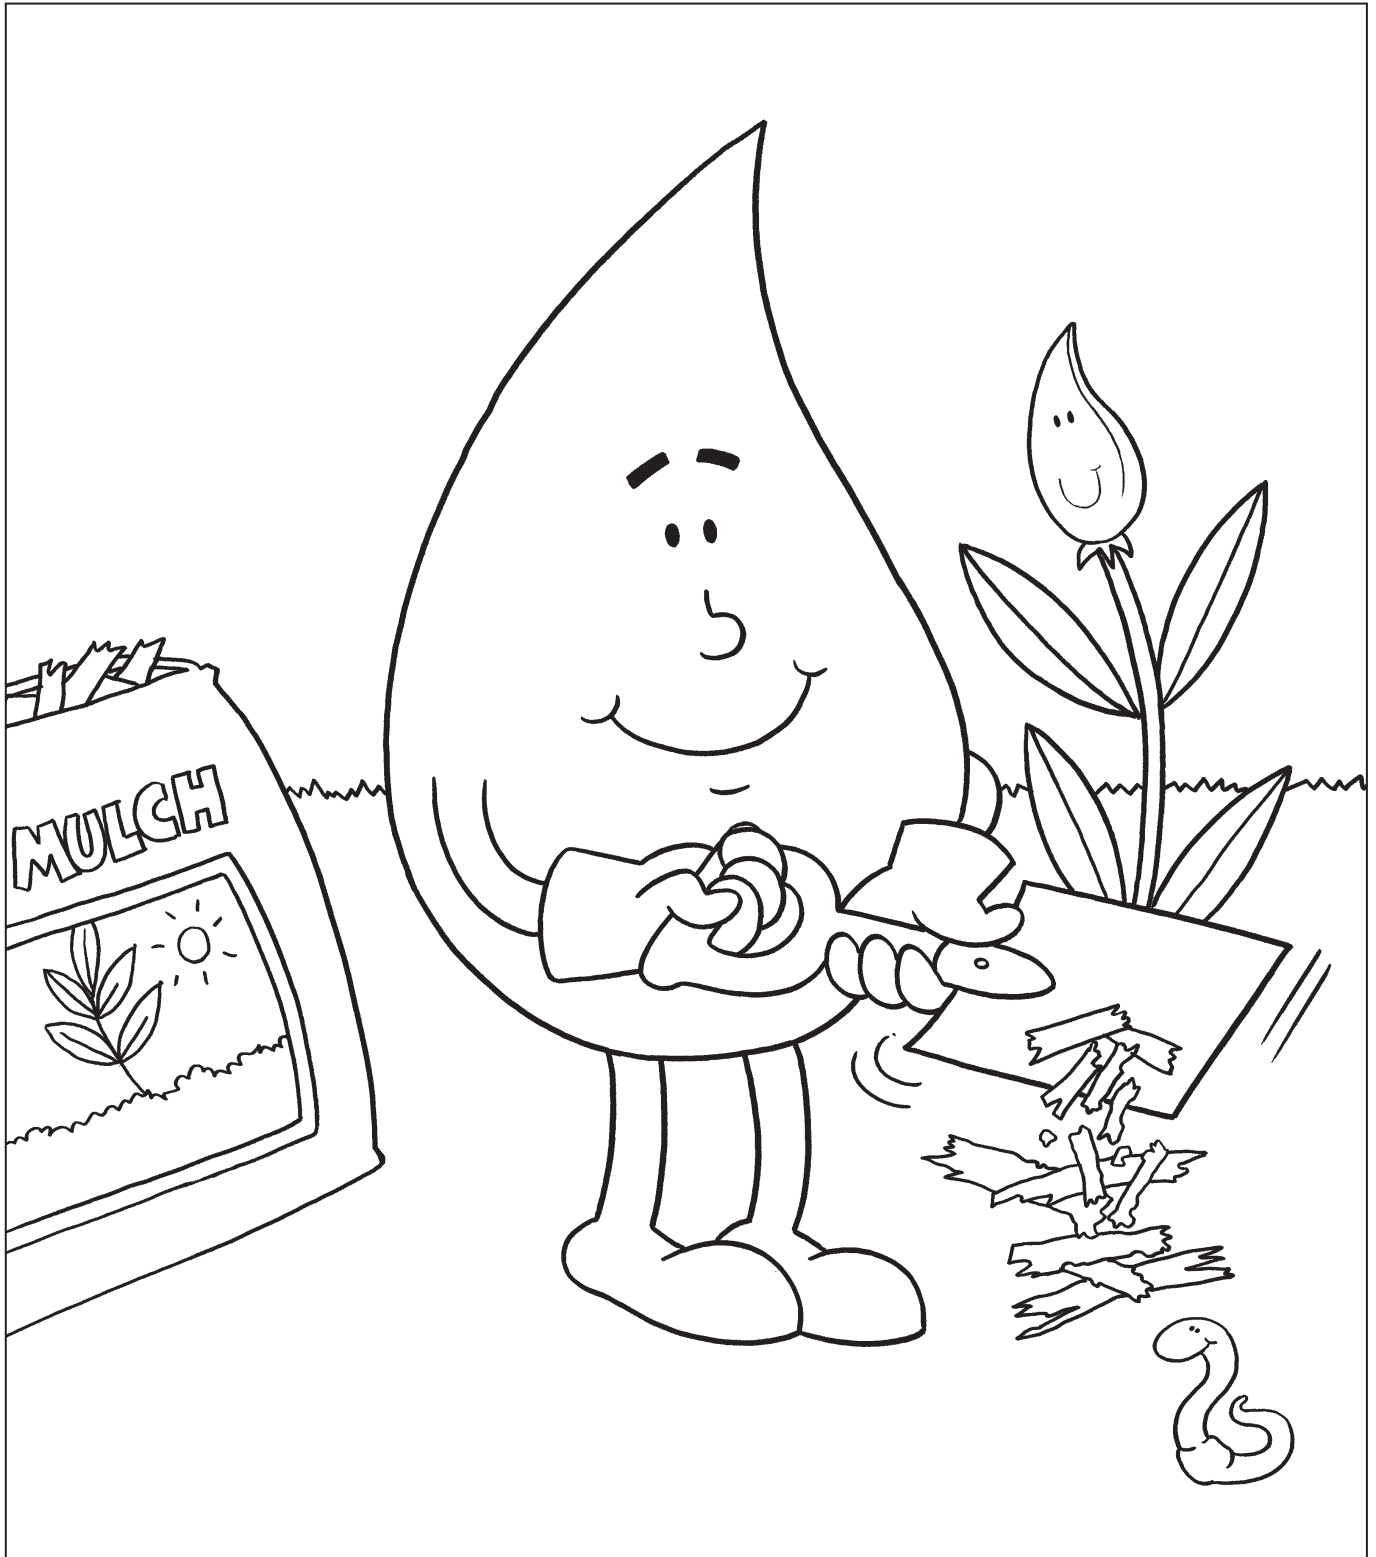

Don't rush!
Remember what button to flush

If you see a drop make it stop

I beg your pardon! Mulch saves water in the garden

Don't put it in: it's not a rubbish bin!
